

BAYMEDIX[®] AR602

Characterization

Baymedix AR602 is a polyether polyol based on a tetra-functional starter molecule.

Form supplied

Form supplied is a solvent-free, pale colored liquid of medium viscosity.

Characteristic data

Property	Value	Unit of measurement	Method
Hydroxyl number	32.5 - 37.5	mg KOH/g	
Acid value	≤ 0.04	mg KOH/g	
Water content	≤ 0.08	%	
Dynamic Viscosity at 25°C	900 - 1,100	mPa•s	

Other data*

Property	Value	Unit of measurement	Method
Density @ 23°C	approx. 1.03	g/cm ³	
Flash point	≥ 200	°C	

*These values provide general information and are not part of the product specification.

BAYMEDIX[®] AR602

Storage

Baymedix AR602 should be stored in tightly sealed containers and protected from heat, moisture and foreign materials. Recommended storage temperatures are between 15°C and 25°C.

The product is highly sensitive to moisture and should be stored in its sealed original containers.

Storage time

Baymedix AR602 has a storage life of six months from date of receipt at customer, when stored in closed original containers.

Other Information

Baymedix[®] is a registered trademark of Covestro AG.

Health and Safety Information

Appropriate literature has been assembled which provides information concerning the health and safety precautions that must be observed when handling this product. Before working with this product, you must read and become familiar with the available information on its risks, proper use, and handling. This cannot be overemphasized. Information is available in several forms, e.g., safety data sheets and product labels. For further information contact your Covestro LLC representative or the Product Safety and Regulatory Affairs Department in Pittsburgh, PA.

All Baymedix products offered by Covestro are supplied under contract containing detailed product specifications and therefore the execution of an individual written supply contract is mandatory prior to the manufacture or use of a medical device manufactured with a Baymedix product. For more information on Covestro products in Medical Applications see "Guidance on Use of Covestro Products in a Medical Application" document which can be located at www.productsafetyfirst.covestro.com

The manner in which you use and the purpose to which you put and utilize our products, technical assistance and information (whether verbal, written or by way of production evaluations), including any suggested formulations and recommendations, are beyond our control. Therefore, it is imperative that you test our products, technical assistance and information to determine to your own satisfaction whether our products, technical assistance and information are suitable for your intended uses and applications. This application-specific analysis must at least include testing to determine suitability from a technical as well as health, safety, and environmental standpoint. Such testing has not necessarily been done by us. Unless we otherwise agree in writing, all products are sold strictly pursuant to the terms of our standard conditions of sale which are available upon request. All information and technical assistance is given without warranty or guarantee and is subject to change without notice. It is expressly understood and agreed that you assume and hereby expressly release us from all liability, in tort, contract or otherwise, incurred in connection with the use of our products, technical assistance, and information. Any statement or recommendation not contained herein is unauthorized and shall not bind us. Nothing herein shall be construed as a recommendation to use any product in conflict with any claim of any patent relative to any material or its use. No license is implied or in fact granted under the claims of any patent.
